Reviews

Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).

Penguin Books Australia, Australia, 2002. Paperback. Book Condition: New. 25th Anniversary edition. 190 x 127 mm. Language: English . Brand New Book. How does the passive act of watching television and other electronic media-regardless of their content-affect a developing child s relationship to the real world? Focusing on this crucial question, Marie Winn takes a compelling look at television s impact on children and the family. Winn s classic study has been extensively updated to address the new media landscape, including new sections on: computers, video games, the VCR, the V-Chip and other control devices, TV programming for babies, television and physical health, and gaining control of your TV.
