Pickwick Publications, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This collection of essays is offered in admiration of and in gratitude for the work of Ernest Charles Lucas. The title of the volume acknowledges Ernest's particular areas of interest and expertise. The word wisdom comes first for two reasons: firstly because the Bible's Wisdom literature is a particular love about which Ernest has published a number of books, and secondly because wisdom is a characteristic of the man. Several of the contributions to this volume pick up the theme of biblical wisdom, while others touch on the practical application of a wisdom shaped by the Scriptures to vital contemporary issues. The second word of the title, science, reflects both Ernest's first career as a research bio-chemist and his interest as a theologian in exploring the relationship between science and faith. This area of interest is reflected in a number of the contributions to this collection, including Ernest's passionate interest in and concern about climate change. The final words of the title are and the Scriptures. Ernest has, at one time or another, taught every part of the Bible and retained a keen interest in the discipline of Biblical Studies. Once again, this is reflected in some of the contributions. There are other aspects to Ernest Lucas and among them is a love of sport, especially cricket. And so the collection ends with a reflection on this wonderful pastime. This is a scholarly book which honors the immense knowledge and academic skill of Ernest Lucas, but it is also a playful and a prayerful book, acknowledging his faith and devotion to God. These writings from his friends and colleagues pay tribute to the...
