

Cylons in America: Critical Studies in Battlestar Galactica (Paperback)

Filesize: 3.11 MB

Reviews

This ebook will not be simple to start on reading but very fun to learn. It generally is not going to expense too much. I am very happy to explain how this is the finest book i have read in my very own existence and can be he finest pdf for at any time.
(Lavada Cruickshank)

CYLONS IN AMERICA: CRITICAL STUDIES IN BATTLESTAR GALACTICA (PAPERBACK)

Bloomsbury Publishing PLC, United Kingdom, 2008. Paperback. Book Condition: New. 213 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.With its fourth season due to air in January 2008, the award-winning *Battlestar Galactica* continues to be exceptionally popular for non-network television, combining the familiar features of science fiction with direct commentary on life in mainstream America. *Cylons in America* is the first collection of critical studies of *Battlestar Galactica* (its 2003 miniseries, and the ongoing 2004 television series), examining its place within popular culture and its engagement with contemporary American society. *Battlestar Galactica* depicts the remnants of the human race fleeing across space from a robotic enemy called the Cylons. The fleet is protected by a single warship, the *Battlestar*, and is searching for a lost colony that settled on the legendary planet Earth. Originally a television series in the 1970s, the current series maintains the mythic sense established with the earlier quest narrative, but adds elements of hard science and aggressive engagement with post-9/11 American politics. *Cylons In America* casts a critical eye on the revived series and is sure to appeal to fans of the show, as well as to scholars and researchers of contemporary television.
